"Ohh my god, that was amazing~"

The two demi bunny girls lay dripping with sweat on their bed, the sheets crumpled up and tossed aside haphazardly. Completely naked and held tightly in each other's arms, the two together gave a new meaning to the term "fucking like rabbits" as they slowly came down from their third simultaneous orgasm of the night.

"Did you enjoy it too, babe?" the first bunny, a medium-height cherry blonde named Cocoa, asked as she pushed her lover's face into her cleavage. "Chino?"

"Mmf!" The other rabbit let out a muffled yelp before pulling her face away from Cocoa's chest, giggling and blushing. "Of... of course I did!" she yelped as she pushed some of her own hair out of her face.

Although the two bunnies differed in height and hair color - Chino was a bit shorter and with very light platinum blonde, almost silvery hair - they both shared the same species characteristics in that they resembled young, buxom human females in every way except for their paws, floofy tails, and long, floppy bunny ears. Furthermore, the two were both very athletic and fit - either in order to fuel their hours-long lesbian mating sessions, or instead because of it, or, perhaps more likely, both.

"Hey, Chino, I was thinking..." Cocoa continued, lazily dragging a finger down her lover's sweat-covered back before reaching down to playfully fondle her butt cheeks, "that maybe we could... you know, spice things up, um... a bit."

"Huh?" Chino began in response, both interest and bewilderment apparent in her voice. "Umm... how... do you mean?"

"Like, you remember my friend Rosé?" Cocoa began, and the two bunnies slowly recalled images of the sexy, flirty, pink-haired catgirl who was constantly bragging about the extra package between her legs, as well as using it to flirt with anybody who so much as glanced at the bulge in her pants. "Well, I was thinking... what if we brought her over and, you know, had a threesome with her?"

"A threesome with... with Rosé?" Chino repeated. Although the two were sexually adventurous and no strangers to group sex, it had always been with other rabbit girls and guys. Catgirls were... dangerous, to say the least. But Rosé was a friend, and either bunny would have been lying if they claimed they hadn't fantasized about that Neko's peculiar bulge at least once.

"Alright," Chino decided, her voice shaking a bit with nervous excitement. "Let's try it!"

"Sweet!" Cocoa exclaimed as she reached for her cell phone. "Lemme call her right now and see if she's free tomorrow~"

~ ~ ~

"Mhm, yeah. Got it. Okay, tomorrow at eight?" The pink-haired neko repeated as she leaned back in her chair, her legs crossed with one bouncing on the other. "Just make sure you girls are all lubed up by the time I get there~"

Beep!

Rosé squealed with delight as she flopped down onto her bed, hugging her phone tightly to her chest. *I can't believe it! My Cocoa...* she thought to herself, her face blushing heavily with happiness, *my sweet, precious Cocoa finally called me over to her house!*

There were a number of reasons that interspecies orgies were so uncommon. One of which was that the sexual fluids of stronger species, like catgirls, acted as powerful aphrodisiacs too strong for lesser species like rabbits, and that the hypnotically charged fluids would eventually enslave one to their will. This was especially true for Rosé, who was in heat. Even now as she imagined mating with the cherry-blond rabbit girl who she'd been obsessed with for ages, her body unconsciously got to work producing powerful, mind-enslaving pheromones, and pumping them down into her testicles, charging her fluids with power.

The horny catgirl bit her lip as she imagined fucking the smaller bunny girl

senseless, overcome with the carnal desire to mate with her and impregnate her with her seed. As she did so, she reached under her mattress and pulled out her favorite side dish - a rather small pair of panties, wrinkled and encrusted with dried semen. *Cocoa's panties...* she thought to herself, smiling as she brought them up to her face. As she did so, the horny catgirl reached her hand into her pants and began to stroke herself, overcome with the sudden need to take care of her freshly-spawned erection.

Another reason that these orgies were so uncommon was that, when a carnivorous species like catgirls came into sexual contact with an herbivorous species like bunny girls... one of those groups would often give in to their instincts, and end up satisfying a much different but equally fundamental need. Even as she laid on her bed tugging at her boner, Rosé was already fantasizing ways to get rid of the other bunny girl, Chino, and have her precious Cocoa all to herself.

I need to get rid of her... she suddenly decided, and hurriedly sat up as she pulled her hand out of her pants. The neko set Cocoa's old panties down and picked up her phone, scrolling to her contacts and making a call.

"Hey, Merlot? You busy tomorrow night?"

~ ~ ~ ~ ~

Nervous but excited laughter echoed throughout the quaint dining room as the bunny girls Cocoa and Chino chatted with their friend, the sultry catgirl Rosé. The latter couldn't help but note the irony as the hosts offered her a glass of cabernet sauvignon, but she gladly accepted, and sat sipping it as she gazed over her would-be prey with hungry eyes.

"So... you said you had a surprise for us, right, Rosé?" Cocoa asked with a smile as her eyes met the neko's. "What is it?"

"Just a few more minutes..." Rosé responded as she glanced at her phone. "It'll be here soon."

"I wonder what it could be~" Chino giggled, blushing as she looked up at her girlfriend with excitement.

Rosé bit her lip as she watched the rabbits giggle at each other, barely concealing a scowl as she shot Chino a look. *Flap those eyelashes at her all you want, bitch...* the jealous neko thought to herself as she stifled a growl, *but by the end of the night, Cocoa will be all mine, and you'll be...*

Ding-dong!

"Ah! I'll get it!" Rosé immediately volunteered, interrupting her own train of thought as she lept out of her seat and began to head for the door.

"Huh? Who's that?" Cocoa began, "is that your surprise?"

"You'll see!" Rosé replied as she walked out of the room and into the foyer. "Stay there!"

The bunnies' front door opened with a gentle creak. Standing out front was a tall, olive-skinned catgirl. Her wavy brunette hair fell in thick curls around her face and shoulders, framing her ample chest that was barely held in place by a skimpy tube top. The rest of her body was adorned with voluptuous curves...

Including a visibly squirming bulge easily larger than a full pregnancy that took up her entire gut.

"Merlot!" Rosé yelled under her breath as she noticed her friend's extra passenger. "What the hell did you eat?"

"Huh?" the other catgirl began as she looked down at her grossly bulging midsection. "Oh. I thought I could use an appetizer, so I caught a three foot-tall mouse-girl on the way here."

URP!

Merlot covered her mouth as she burped. Meanwhile, muffled cries could be faintly heard coming from her otherwise bare midsection as her stomach started to gurgle.

"Merlot!" Rosé whined, "it'll ruin the mood. You've gotta get rid of her!"

"Huh? How?"

"Do that thing you can do!" Rosé insisted, "where you digest your prey really fast!"

"Aww, come on..." Merlot complained, "I wanna digest this one nice and slow~ it feels so much nicer that way!"

"Is everything okay out there, Rosé?" Cocoa's shouts came from the other room. The bunnies were getting suspicious.

"Merlot!" Rosé begged, grabbing her friend by the shoulders. "Please?"

"Nyuu... fine..." Merlot relented with a sigh. "Gimme thirty seconds and I'll have a flat tummy."

"Hurry!" Rosé insisted.

A sharp cry could be heard from Merlot's midsection, but was extinguished seconds later as her gut came crushing down on her unseen prey. At that same moment, Rosé turned around just in time to see the two curious bunnies emerging from the dining room to see what was going on.

"Huh? Who's here?" Cocoa began, craning her head to look behind Rosé.

"Girls... I'd like to introduce you to a friend of mine. This is Merlot." Rosé stood aside to reveal her brunette friend, leaning on one leg as she waved at the rabbit girls. Her tummy, notably, was completely flat, all signs of her previous meal having vanished down into her intestines. What had previously been a several-foot-tall meal curled up in her stomach had, in the span of seconds, been rapidly crushed and digested and spread out through the rest of her alimentary canal, thus concealing her from outside view entirely.

"Sup, bunnies?" Merlot said with a grin. Side-by side, the two nekos looked like quite a formidable pair. Merlot was toned and athletic looking, and her curly brunette mane gave her the impression of a queen of predators, or perhaps a wild dominatrix. Rosé, on the other hand, had all of the smooth sexiness of a succubus. Though not as wild as Merlot's, her bubblegum-pink hair fell in full waves around her face. Her body was shapely and toned, but not too muscular nor too curvy. Her skin was smooth and fair, a few shades lighter than Merlot's. The nekomimi on her head twitched every so often, complimenting the tail that swung idly behind her.

And to top it all off, both girls had bulging, barely-concealed packages down below.

"Umm... n-nice to meet you, Merlot..." Chino squeaked out, a little intimidated by the newcomer's presence.

"Hi there!" Cocoa began a little more enthusiastically. "Umm... Rosé, dear... what's this...?"

"Well, you girls were really interested in this whole 'group sex' thing..." Rosé began, "and I kind of thought about it, and I was like, you know, I don't think one dick will be enough for these girls to share. And then I thought, hey... the more the merrier,

right?"

Merlot nodded in agreement, smiling hungrily as she eyed the girls up and down like fresh meat.

"Heh... I don't see why not..." Cocoa began, giving a little shrug as she turned to Chino. "What do you say?"

"I'm fine with it!" Chino replied a little more excitedly, blushing slightly as she turned to the catgirls. "Who knows... it could be a lot of fun! How about some wine, Merlot?"

"No thanks," the brunette neko began, her tail swishing as she took her shoes off and strolled into the building, "got any beer, though?"

~ ~ ~

It only took a few sips of wine for Rosé's head to start spinning - not from the alcohol, far from it. But the more she stared at Cocoa's sexy, fertile body, the more her own lust overcame the rest of her senses, and the more she felt that she needed her all to herself - as soon as possible.

So the pre-gaming ended, and the girls all filed together into the master bedroom, giggling and touching each other. After they all entered the bedroom and began to undress, Rosé shut the door behind them - making sure to lock it.

When she turned around, Merlot was already sitting on the very edge of the bed, stark naked and with her legs crossed in front of her.

"You girls must be hungry~" Merlot purred as she slowly uncrossed her legs, revealing her package. Her massive, olive scrotum hung freely down below, and her twitching cock hung limply on top. The whole display was the same creamy shade as the rest of her skin, and seemed to ooze with feminine musk.

Before Rosé could protest, the two bunnies looked at each other with a smile, and both of them - Cocoa and Chino - kneeled down in front of Merlot and pushed their faces in-between her legs.

"Don't worry, girls, there's plenty to go around~" Merlot teased as she gently touched the tops of the bunnies' heads, letting out a pleased sigh as their warm cheeks touched her inner thighs. Rosé watched with jealousy as her Cocoa wrapped her cute little lips around Merlot's bulging cockhead, eagerly taking it into her mouth while Chino began to lightly nuzzle and lick at her balls.

"Ngh, there we go~" Merlot cooed as she felt her cock rapidly rise as the girls sucked her off. "Who knew that rabbits were such *carnivores*~?" she teased, putting a sexy flourish on the word "carnivore." Down below, Cocoa started to work a bit harder, moaning and slurping as Merlot's cock visibly grew and stiffen to a much larger size. Little droplets of Cocoa's saliva ran down the length of the neko's throbbing cockhead and dripped onto Chino's face, who didn't seem to mind at all, but rather enjoyed it. "Sorry, Rosé..." Merlot teased, "but I think they really like my cock. They might not need yours after all~"

Rosé's face grew hot and red with jealousy. Although she knew that Merlot was only teasing her, the reaction was entirely involuntary - the sight of her desired mate with her lips around someone else's dick filled her with the primal urge to compete and sent her body into competitive mating mode. Down below, the heated neko's balls rapidly accelerated their sperm production, and the extra fertility made Rosé flush with almost uncontrollable arousal and desire to breed. Soon, her own cock began to rapidly grow as well, expanding to its full girth to prepare for the inevitable mating session that was to come. Pre-cum likewise began to drip from the end of her now-bulging cock, staining her panties as Rosé's urethra lubricated itself for maximum ejaculation volume and fertility potential.

The bunnies, meanwhile, had been quiet up until that point, unable to talk with their mouths full of neko flesh. All of the sudden, however, Cocoa pulled her mouth off of Merlot's cockhead, and looked down at Chino with wide-eyes and dripping lips.

"Oh my god, Chino!" Cocoa explained, "her pre is delicious!"

Chino, who up until that point had been juggling Merlot's testicles with her tongue, pulled her mouth off as well. "Huh? Really? L-Lemme taste!"

What followed was a messy fellatio frenzy as both girls began to playfully compete for a taste of Merlot's cock, basically making out with each other as they lapped their tongues along the opening to her urethra, hoping to get a taste of her delicious pre-cum. Merlot, meanwhile, shot Rosé a knowing glance.

The latter smiled and nodded. Their plan was working perfectly. Already exposed to the pheromones of the catgirl cum, their hypnotic effects would already begin to set in even before they were fertilized with the full load. "You ready, babe?" the sultry neko asked.

"Hah..." Merlot snickered as she ran her fingers through the girls' hair, watching

with a smirk as they continued to lick at her twitching member. "Ready when you are!"

All of the sudden, the catgirls moved into action. Rosé finished pulling her pants off and dashed forward, quickly but gently pulling Cocoa off of Merlot's cock and leaving Chino alone. Cocoa giggled as she was pulled away, feeling the Neko push her onto the ground and lift her ass up into the air.

"Eheheh~ guess it's time for... that, huh?" Cocoa giggled nervously as she felt the neko sandwich her own hardened cock in-between the bunny girl's warm butt cheeks, bucking her hips back and forth teasingly.

"Ohh, you have no idea, cutie~" Rosé cooed as she reached down and carefully positioned her cockhead against Cocoa's labia, already slippery with natural lubricant. The sensation flooded Rosé's mind with almost overwhelming arousal. Finally, she was about to get the thing she wanted so badly - Cocoa was about to be all hers. She wanted to enjoy this moment, to take it slowly and bask in the ecstasy of it all.

But Rosé knew that they had a plan to take care of, and she didn't have any time to waste. Leaning forward, the horny neko eased her cock into the bunny girl's pussy from behind and moaned as she slowly slid in. Rosé let out a deep purr as she felt herself enveloped by the rabbit girl's slick walls, her vagina seemingly wrapping tightly around her cock as she pushed inside.

"Ohhh my god!" Cocoa cried as the neko mounted her, gasping at the sheer girth of the much larger girl currently penetrating her doggy-style. One by one, Cocoa's senses were drowned out with pure pleasure coming from her loins with every inch the catgirl pushed into her. The pre-cum likewise dripping from Rosé's tip and spilling inside of her only served to heighten her ecstasy, subtly taking over her mind with irresistible pheromones.

Chino, likewise, was already gone - moaning in a flurry of wet slurping as she bobbed up and down on Merlot's cock. The brunette catgirl, however, was a bit distracted - watching carefully as Rosé got into position.

As soon as Cocoa was pinned underneath of her friend, Merlot acted. Carefully grabbing Chino by the armpits, she slowly lifted her off of her cock - and up into the air. The timid bunny girl looked confused for a moment, before she looked into Merlot's eyes, and met the unmistakable hunger in her gaze.

"Hope you had your fill, rabbit~" Merlot snarled as drool began to flow from the

corner of her mouth, "'cause I'm about to get mine!"

CHOMP!

Cocoa, whose eyes were shut tight with pleasure a second ago, opened them in shock to see her lover Chino hanging halfway out of Merlot's mouth!

SHLUUURP

Muffled screams emanated from inside of Merlot's throat as the tall catgirl hoisted Chino's legs up into the air, holding her as vertically as possible to ease her down into her esophagus. Cocoa tried to hop up to stop her - only to be physically held back by the catgirl on top of her, who kept her pinned facing the ground as she continued to ease in and out of her pussy from behind.

"Rosé!" Cocoa screamed as she tried to claw her way out from underneath of the neko, "Merlot's... EATING Chino!"

"Shhh, I know, babe~" Rosé purred as she kept the rabbit girl carefully pinned underneath of her. "Just let it happen."

Cocoa lay stunned and wide-eyed as she watched Merlot messily devour her lover alive. She stared as those creamy thighs, the same ones that had been wrapped around her face so many times in the past, slipped down into the tanned neko's drooling mouth and into her throat. Poor Chino barely stood a chance against the athletic predator, who easily consumed the struggling meal in under a minute.

GUUULP

Merlot gave one last swallow, licking her lips as the rabbit girl's toes slid across the back of her tongue and into her gullet. The last of the wriggling bulge visibly made its way down the neko's throat as she swallowed her food, the last of the prey slipping down into her stomach and leaving her with a rather sizable squirming bulge in her midsection.

Merlot shuddered as the last of her prey plopped down into her stomach, letting out a drawn-out meow as the bunny girl started to panic and struggle inside of her. "God, you bunny sluts are fucking DELICIOUS..." the neko groaned as she pressed several slender fingers into her squirming gut, passionately pressing in-between the lumps frantically appearing on the surface of her skin.

"NO!" Cocoa cried, dramatically reaching one hand out towards Merlot as the latter looked at her and laughed. "Chino...! Let her out, you- ngh!"

Cocoa was suddenly cut off as Rosé, whom she had momentarily forgotten about but was still pinning her down, suddenly thrust back inside of her, filling the empty space between her legs with a fresh serving of kitty meat. "How about we make a little deal, Cocoa, baby?" Rosé began sweetly as she gently pushed in and out of the rabbit, holding her down and preventing her from moving. "Poor Merlot must have gotten so hungry that she couldn't help but to swallow that tasty-looking bunny bitch whole. But I'll tell you what..." Rosé continued, leaning in closely so that her lips were right up against Cocoa's ear. "I'm sure she'll let her go... if you let me cum inside you~"

Cocoa froze. She knew that, by herself, she was no match for the two busty predators - her mistake was allowing them into her home in the first place. She knew that her best bet of seeing Chino alive and regurgitated was doing what they said. Aside from that, the susceptible bunny girl had already been exposed to more than a little bit of catgirl pre-cum, and as wrong as it felt, she found her subconscious asking for it more and more...

"Alright..." Cocoa whined, sighing as she collapsed onto the ground, leaving her ass in the air for Rosé to continue having her way with. "Do whatever you want... just... just don't hurt Chino, please..."

That was all the signal that Rosé needed to dive right back into the bunny girl's slit, squealing with glee as she took her hips in her hands and began to pound her mercilessly. Cocoa let out a surprised moan as Rosé continued fucking her without abandon, her thighs slapping against her ass with every thrust as her balls swung freely down below.

"Oh my god..." Cocoa cried out again as Rosé continued to fuck her. The bunny girl was mortified. While her best friend, her lover was stewing inside of a predator's gut, she was over here taking a cock, and not only was she enjoying it... it was the best sex of her entire life. The rabbit's mind was utterly clouded with joy and ecstasy as the neko pounded her, each thrust sending vibrations throughout her entire body as that thick shaft slid in and out from between her legs.

"Don't fight it..." Rosé cooed as she leaned in on her prey, putting her entire weight into pounding her. "Just let it happen~" Already, the sheer volume of fluids that had dripped inside of Cocoa from both her and Merlot would have undoubtedly begun to warp her mind, hypnotizing her and enslaving her to their sexual will. If the neko ejaculated into her vagina, where she was most vulnerable... the effect would become permanent, irreversibly chaining the bunny girl to her and amplifying the effect of her pheromones. Rosé knew this, and was prepared to do whatever it took

to spill her seed inside of her target.

"You're all mine," Rosé continued as she quite literally fucked the bunny girl senseless, "and you always have been, Cocoa~ From your body... to your tits, down to your ass... from your pussy, to your uterus, and the eggs inside of you, all of it belongs to me!" Rosé moaned as she pumped in and out, the rabbit girl staying silent aside from the little moan she let out every time the neko slammed against her cervix.

"And once I cum... once I fill you up with my seed, you'll be mine forever," Rosé explained. "My catgirl sperm NEVER misses its... ngh... its mark~" The neko laughed as she thrust deeply inside of the bunny girl, wiggling her hips back and forth and forcing the rabbit to wiggle with her. "You're ovulating, aren't you, bunny?" Rosé giggled, "I can tell. Ohh, you're gonna carry SO many kitties for me~"

Cocoa began to tear up as the neko continued to pound her from behind. The process of having her womb, her womanhood claimed by someone stronger, even as she was breeding her, was utterly humiliating. But it felt so GOOD...

BWOORP

Being railed senseless by Rosé had led Cocoa to momentarily forget about her lover in peril, until the stuffed neko that ate her a few minutes ago let out a rippling belch, snapping the rabbit's attention back to the fact that Chino was currently in the process of becoming calories. Merlot had since sat back down on the bed, purring loudly as she dug her fingers into her fat, squirming gut.

Inside of Merlot's stomach, Chino was still very much alive - and panicking as the tight, muscular stomach roughly squeezed and churned her. The naked bunny girl sobbed as she pushed on the inside of the stomach walls, struggling and clawing violently only to find her fingers slide harmlessly across the catgirl's stomach walls. Although Merlot was playing along and hadn't actually started to digest her yet, each frothy slosh of her groaning gut sent a wave of hot saliva and mucus splattering across Chino's body and face, making her retch with horror.

"PLEASE!" Chino screamed, sobbing as she pushed against the stomach walls only to recoil at the humiliating touch of Merlot's fingers as she massaged her gut from the outside. "Let me GO! Cocoa, HELP ME!" Chino went hysterical as she continued to settle in the catgirl's stomach, every inch of her naked body becoming drenched in steaming hot bodily fluids.

"Hooly fucking shit~" Merlot cooed as she leaned back and spread her legs, letting

her cock, still gleaming and dripping with the bunnies' saliva from earlier, flop out semi-erect. The neko took her member in her hands and began to deftly stroke, purring as her member quickly extended back to its full girth. "Rosé, baby, I'm getting SO horny from this bitch in my stomach..."

"Hmm~?" Rosé replied, talking over the loud slaps from below as she drilled into Cocoa's pussy. "Are her little squirms making you excited?"

"Fuck! It's more than that..." Merlot groaned as she began to sweat and her strokes quickened. "It's just... ngh... you know, you like having girls on your dick, but for me... having them all to myself in my stomach like this. Fuck, Rosé..." Merlot continued, starting to laugh as she continued to jerk herself off. "If I cum, I'm not gonna be able to hold back digestion anymore. This girl's as good as kitty litter. Oh, shit~" Merlot moaned as she bit her lip, her strokes getting even harder. "God, I can't wait to feel this girl down in my intestines with that other bitch I digested earlier... they'll mix nicely together in my colon. I bet it'll feel amazing passing those two~"

Cocoa, meanwhile, buried her face into the floor with shame as Rosé continued to dominate her from behind. The muffled sounds of Chino sobbing and screaming, just barely audible over the thick gurgling of Merlot's fat, bloated stomach, tore through her. But at the same time, she was finding it harder and harder to think about ANYTHING other than the lusty catgirl dead-set on impregnating her. And with every pound of that thick, pulsing meat inside of her, she felt herself less and less able to deny it - she kind of wanted it... no, she needed it.

"Ah, I'm... ngh... getting close, too."

Rosé's response came just in time. Cocoa could tell that her pounding was getting harder and harder, her whole body tightening as the predator prepared to explode. As soon as she came, Cocoa thought, Chino would be free, and her insides would be painted a new shade of white with that load she suddenly realized she needed inside of her so badly.

"Hey, Cocoa... hah... let's make a new deal," Rosé suddenly said. "I'll tell you what... if you can tell Merlot to let your dumb girlfriend go, then she'll cough her up, I'll pull out, and we'll leave. No impregnation... no digestion."

Cocoa's jaw dropped. Wait... what? "Huh?" She stammered, visibly confused by the new proposal.

"All you've gotta do is tell Merlot to let her out one more time, and we'll leave. But if you can't say it..." Rosé continued, "then she'll digest her, and I'll blow my load

inside of you, just like we originally planned."

Cocoa gasped. The bunny girl lifted her face off of the floor and looked up at Merlot, giggling as she vigorously jerked herself off with Chino still visibly struggling in her stomach. The bunny girl opened her mouth to secure her release...

And the breath caught in her throat. She couldn't do it.

Cocoa moaned as Rosé's throbbing cock pounded inside of her, knowing that she was only seconds away from irreversibly spilling her hot seed inside of her, probably knocking her up in the process. She heard what the neko had said - if she told her to let Chino go, then she would pull out and leave her unsatisfied.

Off to the side, Chino's hysterical screams echoed from inside of Merlot's groaning gut. "COCOA!" She cried, sobbing as she pushed on the tight stomach walls. "HELP ME!"

"Just think," Rosé continued, talking over Chino's cries and the own wet slaps of her pouncing Cocoa from behind. "Think about how great it'll feel to get bred by me... to get knocked up just like nature intended~" Rosé snickered. "You'll never have to worry about anything again... and you'll feel nothing but pleasure for the rest of your life, as... ngh... as my little breeding slut~"

At that moment, Cocoa's body betrayed her, and the bunny girl bottom soared into orgasm. She let out a squeal as her entire lower body began to squeeze and convulse, before opening her mouth and screaming:

"FUCK! Just knock me UP! Ahhh~!!"

Rosé said nothing, only smiling as she wrapped both arms around Cocoa and buried her shaft in her throbbing, orgasming pussy as deep as it would go. A second later, she let out a passionate howl, and exploded into her. Cocoa gasped with joy as she felt the neko start to fire off inside of her, her thick cock pulsating as it spurted hot jets of cum against her inner walls. The bunny girl's head swirled as she felt a heavy warmth spread throughout her lower body as her babymaker started to fill up with fresh semen.

"Oh my god, yes!" Cocoa cried as the neko continued to inject her with sperm, feeling that thick rod pulse and pump as it spewed hot kitty cream into her loins. The conquered bunny girl took one free hand and slid them down in-between her legs, cupping them around Rosé's balls as they tightened up against the shaft buried inside of her. At that moment, Cocoa wanted nothing more than the kitty to

empty those balls inside of her, pumping her up with cum and breeding her with it until she had nothing left.

"You're mine now, babe~" Rosé huffed as she felt her cock continue to shoot off inside of Cocoa, spilling all of that seed she had produced earlier into the fertile loins of her designated breeding slut, undoubtedly impregnating her with her potent catgirl sperm and enslaving her mind in the process. As she did so, she wrapped her arms around the bunny girl's midsection and lifted her torso off the ground, letting the excess cum inside of her drip out of her vagina and down Rosé's still throbbing cock and balls.

"Fuck... here it comes~!"

Meanwhile, Merlot had since come down off the bed and moved down to where Cocoa was kneeling, taking advantage of her now-exposed face and torso to blow her own load. Still deftly stroking her own cock, the stuffed catgirl threw back her head and let out a howl as she brought herself to cum.

splurt

Still impaled on Rosé's twitching member, Rosé's eyes traveled down to Merlot's cock just in time to see it throb and explode, splattering her face and chest with a new, fresh load of semen. Cocoa moaned as Merlot ejaculated, shooting off thick ropes of cum that smacked against her nude front and clung to her like paint on a canvas. Cocoa moaned as the hot, sticky fluids slowly dripped down her naked body, wincing every time a shot smacked her in the face even as she desperately opened her mouth to try and catch some of the tasty baby batter for herself.

"Fuck, Merlot!" Rosé cried angrily as she watched her friend squeeze the last few drops of cum out of her shrinking penis. "What the hell are you doing?! I told you that Cocoa was all mine!" Not only had she sullied HER property with her semen, but the depraved bunny was actually enjoying it - panting to herself as she licked the dripping cum off of her face and swallowed it.

"Heh, sorry babe, I couldn't help myself! I saw you filling that lucky girl up with cream, and I just-"

BWOORP!

Merlot covered her mouth after a wet belch interrupted her. Her bloated stomach, which had begun to gurgle and groan loudly, was free of any struggles or lumps, and instead moved softly as it noisily sloshed its contents around inside. "Oops~"

Merlot cooed as she dug her fingers into her belly, grinning sadistically as it began to visibly round out in front of their eyes. "That'll do it."

Cocoa, meanwhile, gasped with horror as she suddenly remembered what Merlot had said earlier - about how, if she came, she wouldn't be able to hold her stomach back anymore, and the orgasm would trigger her digestion. The sole remaining bunny girl felt herself seized with sickened horror as Merlot's stomach began to visibly recede in front of her. Chino's cries had since gone completely silent, replaced by the gurgling of Merlot's own stomach, and the catgirl's midsection no longer had any sign of a solid outline or form as it continued to rapidly shrink before their very eyes.

"Ch-Chino..." Cocoa began, horrified. "Chino is..."

"In my intestines," Merlot interrupted, blushing as she dug her fingers back into her shrinking lower belly, "and already pumping through my bloodstream. God, this feels so fucking good~" she moaned, biting her lip as the meaty slurry that was Cocoa's former lover spread throughout her alimentary canal.

Cocoa started to shiver. "N-No..." she began. It couldn't be true! Her best friend, the love of her life, Chino, had been gulped down by a predator in front of her very eyes, and now...

shlck!

All of Cocoa's miserable thoughts were immediately pushed out of her head as Rosé, back to her full girth, slid her cock right back inside of the rabbit girl's still-dripping pussy. Cocoa let out an involuntary moan as the neko thrust all the way inside of her, burying herself easily in the rabbit girl's semen-lubricated slot.

"Geez, Rosé!" Merlot laughed as she watched the two start to go at it again. "Would've thought for sure you'd have used up all your sperm in the first load."

"I can make more!" Rosé grunted fiercely as she shoved the rabbit back down and started to mercilessly fuck her from behind again. "Ass up, slut. You're getting bred until you don't want anyone's cum but mine!"

"Y-Yes!" Cocoa cried out, reaching down to rub her clitoris as Rosé continued to fuck her. Beyond the physical capabilities of humans, rabbit girls' wombs were actually so fertile that they could be impregnated multiple times with multiple loads: i.e. the more sex they had, the more children they would bear when the time came. Rosé knew this, as well, and aimed to give the sexy bunny on the end of her cock as many

kittens as she could stuff her with.

Just like that, every thought of her dead lover had been forced out of Cocoa's mind - replaced only by the singular, omnipresent need to be bred and impregnated by her new mate - one who would undoubtedly never leave her unsatisfied as long as she had room left in her uterus.

Cocoa howled with pure ecstasy as she felt Rosé's cock start to throb again, flooding her lower body with warmth as she pumped a new, fresh load of semen inside of her.

This was going to be a fun night.

Merlot yawned and stretched as she rolled over in the bunny girls' former bed, slowly peeling the sheets off of her naked body in the process. It was the next morning, and the sun was already high in the sky by the time she woke up - a consequence of being up all night with Rosé and her new cumslut. The morning sunlight poked through the open shutters and lit up the room as they cast bars of light across the neko's nude form.

On the other side of the bed, Rosé snored softly with her arms and legs wrapped around Cocoa like a hugging pillow, holding the bunny girl close to her warm body. Merlot smiled at the sight, mentally appreciating how easily the rabbit girl had given herself over to Rosé's cock, and wondering just how much semen had been injected into her last night alone.

Her thoughts soon shifted, however, towards the building pressure in her lower abdomen. Merlot lifted her ass up to the side and bit her lip as she let out a fart strong enough to ruffle the sheets underneath of her ass:

phrrrrrt

Merlot snickered as she reached down and gave her right asscheek a squeeze, smiling at the notably increased size and softness of her behind. *Time to dump what's left of yesterday's girls...* she thought casually.

The neko hopped off of the bed and strolled towards the bunny girls' bathroom, feeling her breasts jiggle and her tail swish behind her with each step. She walked into the bathroom and closed the door, purring as she slowly lifted up the gleaming porcelain toilet seat.

Having slept naked, Merlot didn't even have any pants to pull off, instead just plopping her butt down on the seat and sighing as the cool surface touched her warm flesh. The neko didn't waste any time, and gave a little sigh of relief as hot urine began to flow through her urethra. A second later, the liquid from her bladder shot out the end of her penis and into the toilet bowl as she relieved herself.

Just as Merlot felt her anus begin to unclench, however, the door burst open as Rosé walked in. Standing completely upright, the other neko was holding Cocoa, the sole remaining bunny girl, up by her legs, with the smaller girl's back against her chest. Down below, Rosé's already-engorged cock was visibly connected to Cocoa's pussy, and sliding in and out as the neko manually lifted her up and down.

"Pff, what the hell are you doing?!" Merlot laughed as she continued to piss into the toilet, feeling her bladder drain.

"Thought I'd get a jump start on breeding my new slut this morning..." Rosé began as she thrust in and out of the moaning bunny while holding her up and without flinching. After ejaculating inside of her the first time and filling her with that hypnotically addicting seed, Rosé had fucked her enough to impregnate her with triplets or more. It still wasn't enough for the catgirl, whose constantly-churning balls needed to be constantly emptied - preferably into the womb of a fertile young slut in heat like Cocoa.

"Besides," Rosé continued, "I wanted her to see what became of that stupid former girlfriend of hers~"

"Ooh, well you're just in time for that!" Merlot meowed as she felt the last few drops of urine trickle out of her penis and into the toilet, "because I've got one mouse and one rabbit currently departing~"

PHLRRRT

Merlot wiggled her butt on the toilet seat as she dispersed a few wet farts, the mass inside of her colon shifting and pushing up against her anus. The satisfied Neko let out a little groan as she began to push, feeling the first hot log of cat poop slide out of her ass. Merlot felt the pressure in her lower abdomen noticeably shift as the log dropped out and landed in the toilet directly beneath her, causing her to shudder and little goosebumps to appear all across her naked legs.

sploosh

"Fuck, you can't even tell these girls apart once they're shit," Merlot pointed out as

she began to push out a second log, this one considerably longer than the first. "They always taste different going in, but feel the same... ngh... way sliding out, nya~" she teased as the second log dropped out of her ass and broke apart as it hit the bottom of the toilet bowl.

This went on for several more minutes. Rosé continued to fuck Cocoa as the latter watched Merlot happily shit, staring quietly as log after log of lumpy kitty litter slid out of her ass and into the toilet. Despite the fact that it was quite literally her former lover's remains currently fermenting underneath of the catgirl's twitching anus, Cocoa seemed more interested in the cock shoved between her legs, even reaching down to rub her clitoris as Rosé's pumps grew faster.

"Aren't you gonna miss her?" Merlot asked as she let out a loud fart followed by another few smaller logs of poop. "After all, she may have been your girlfriend, but she's just my morning dump now~"

"W-Well..." Cocoa finally began, blushing as Rosé buried her cock inside of her. "I-I mean, I did, but to be honest... I don't really care about Chino anymore... not as long as I have Rosé babies inside of me~" Cocoa said as she turned her head to rub her cheek against Rosé's chest. By that point in the morning, Cocoa had already been impregnated several times, and her mind had already been completely taken over by her predator. All that was left was for her to enjoy it.

"Ahh... I love you, Cocoa!" Rosé proclaimed as she continued to thrust in and out of the bunny girl's pussy. "You're gonna carry so many kitties for me. I can't wait for our new life together!"

"Geez..." Merlot snickered as she let out a few more logs. The neko couldn't help what to wonder what Chino would think of the sight if she were still around. What would she say to her former lover being utterly dominated by her new partner, who was bigger, sexier, and had a cock to impregnate her with? Furthermore, the irony of it all going on while the neko's friend, who ate her for dinner, crapped her remains out into the toilet, was too good to be true. Merlot laughed as she felt a few bones slide out of her anus followed by another thick log. This was perfect.

"Want to move in with me after this, Cocoa?" Rosé asked sweetly as she continued to fuck her new lover standing up. "I figure you'll have everything you need right by my side~"

"Yes!" Cocoa exclaimed, "please, take me home with you!"

"Oh, for real?" Merlot asked, her face lighting up. "Can I have this old place, then?"

"Mhm..." Cocoa huffed, "I don't need it any- ah!"

"Ready for another load?" Rosé huffed as she started to fuck Cocoa harder. "Ahh, I'm going to explode~"

"Yes!" Cocoa cried, "Hah... I... hah... I need it... please!"

Merlot grabbed a piece of toilet paper and reached down between her legs to wipe as she saw Rosé's cock, buried inside Cocoa, start to throb and pulse. Cocoa let out a cry of pleasure as a fresh load of semen flooded her vagina, undoubtedly impregnating the overly-fertile bunny girl, whose womb was capable of supporting any number of pregnancies, even further. The sensation sent Cocoa into her own orgasm, one so intense that it even caused her to cutely squirt her own jet of femcum.

Merlot smiled and let the toilet paper drop into the bowl as the two lovers, overcome with lust, gave into their most base desires and bred themselves dry. After taking a moment to admire her own handiwork of the other bunny, she smiled and flushed.
